

# INDEX TO VOLUME 59

## AUTHORS INDEX\*

### A

- ABRAMSON, MILTON, AND HERON, WILLIAM T., An objective evaluation of hypnosis in obstetrics, 1069
- ADAMSON, D. L., WEAVER, R. T. AND JAIMET, C. H., A new view on the use of Dicumarol in the pregnant patient, 498
- ALDRIDGE, ALBERT H., AND MEREDITH, RICHARD S., Complete abdominal hysterectomy. A simplified technique and end results in 500 cases, 748
- ALLEN, J. GARROTT (WITH LATHROP, CLARENCE A., AND DIECKMANN, WILLIAM J.), Abnormal bleeding in obstetrical and gynecological conditions, 897
- ANGRIST, ALFRED A. (WITH RICH, JOSEPH, AND CARPENTER, FREDERICK), Gelfoam, vaginal smear, and biopsy in the diagnosis of uterine carcinoma, 1029
- ARRIGONI, LOUIS (WITH FIORINO, JOHN F., AND TOZER, G. A.), An improved treatment for *Trichomonas vaginalis* vaginitis, 452
- AUSTIN, R. B. (WITH LEWIS, MILTON SMITH), Continuous caudal versus saddle-block anesthesia in obstetrics, 1146
- AYRES, JO-CAROL (WITH RANDALL, JOHN H., AND STEIN, ROBERT J.), Pleuropneumonia-like organisms of the female genital tract. A study of 300 gynecologic cases, 404

### B

- BALL, THOMAS L., Topographic urethrography, 1243, 1252
- BARAD, BEATRICE (WITH CHRISTILF, STUART M., AND BONSNES, ROY W.), Liver function during pregnancy and the puerperium, as measured by the cephalin-cholesterol flocculation, the thymol turbidity, and the bromsulfalein tests, 1100
- BARTHOLOMEW, R. A. (WITH COLVIN, E. D., GRIMES, WILLIAM H., AND FISH, JOHN S.), Salvage possibilities in threatened abortion, 1208
- BEAN, JOHN L. (WITH HENDERSON, D. NELSON), Early extrauterine pregnancy, 1225
- BEAVER, DONALD C. (WITH SCHNEIDER, CHARLES L., KOZLOW, L. ANGE, AND ZUELZER, WOLF W.), Rh antibody stimulation with an Rh-negative fetus (Rh anamnestic reaction) and its significance to the newborn, 543
- BECHTOLD, ELEANOR (WITH REICHER, NORBERT B., AND MASSEY, BARBARA W.), A clinical evaluation of 3,500 vaginal cytologic studies, 860
- BELFUS, FRANK H. (WITH FOX, MAX J.), Poliomyelitis in pregnancy, 1134
- BELINKOFF, STANTON, AND HALL, ORRIN W., JR., Intravenous alcohol during labor, 429
- BERTLING, M. H., AND BURWELL, JOHN C., JR., Diethylstilbestrol in nausea and vomiting of pregnancy, 461

- BICKERS, WILLIAM, Postoperative cervical-vaginal healing in relation to postoperative treatment, 1045
- BLACK-SCHAFFER, B., Fetal nanosomia and bone athrepsia in the newborn of a woman with a severe cyanotic cardiovascular anomaly, 656
- BLODI, FREDERICK C. (WITH SPEERT, HAROLD, AND REESE, ALGERNON B.), Retrorenal fibroplasia: a hazard of premature birth, 246
- BLOOM, OSCAR H., A new rotating forceps for occiput posterior and occiput transverse positions, 924
- BLOSS, JAMES R., The ideals, responsibilities, and reward of the obstetrician (presidential address of the American Association of Obstetricians, Gynecologists, and Abdominal Surgeons, sixtieth annual meeting, Sept. 8-10, 1949), 1183
- BODINE, C. D., KLINE, R. F., ROGERS, R. A., SMITH, D. C., AND TINKER, F. X. P., The male frog (*Rana pipiens*) as a test animal for determining the level of urinary chorionic gonadotrophin during pregnancy, 648
- BONSNES, ROY W. (WITH CHRISTILF, STUART M.), Liver function during pregnancy and the puerperium, as measured by the cephalin-cholesterol flocculation, the thymol turbidity, and the bromsulfalein tests, 110
- BOWEN, GEORGE L., GRANDIN, DEAN J., JULIEN, EDWARD E., AND KRECH, SHEPARD, JR., Pheochromocytoma complicating pregnancy, 378
- BOYD, K. B., AND JONES, A. R., Pentothal sodium, terminal obstetrical anesthesia, 931
- BRADLEY, CHESTER D., Retained placenta: delivery by the hydraulic method (Mojon-Gabastou injection), 141
- BRAMBEL, CHARLES E., AND HUNTER, RICHARD E., Effect of Dicumarol on the nursing mother, 1153
- BRIERTON, JOHN F., Rupture of the pregnant uterus, 113
- BRODY, HENRY, AND HOROWITZ, EDWARD A., Gonadotropin in spinal fluid in a case of twin pregnancy, 685
- BRUNSCHWIG, ALEXANDER, JORDAN, MICHAEL J., AND PIERCE, VIRGINIA K., Radical panhysterectomy, pelvic lymph node excision, total vaginectomy, and total cystectomy, 237
- BURNETT, JOHN E., JR., AND KENNEDY, ROBERT B., A study on first-day ambulation in obstetrics, 210
- BURWELL, JOHN C., JR. (WITH BERTLING, M. H.), Diethylstilbestrol in nausea and vomiting of pregnancy, 461

### C

- CALDWELL, JESSE B. (WITH DONNELLY, JAMES F.), An evaluation of the radical hysterectomy in the treatment of carcinoma of the cervix, 133

\*January, pp. 1-236; February, pp. 237-474; March, pp. 475-714; April, pp. 715-948; May, pp. 949-1182; June, pp. 1183-1420.

- CAMPBELL, ROBERT M., The anatomy and histology of the sacrouterine ligaments, 1  
—, AND PARROTT, MAX H., Vulvovaginal moniliasis, 1005
- CARPENTER, FREDERICK (WITH RICH, JOSEPH, AND ANGRIST, ALFRED A.), Gelfoam, vaginal smear, and biopsy in the diagnosis of uterine carcinoma, 1029
- CARROZZINO, O. M. (WITH WAMMOCK, VIRGENE S., INGRAHAM, NORMAN R., JR., AND CLAIR, NELLIE E.), Penicillin therapy of the syphilitic pregnant woman: its practical application to a large urban obstetrical service, 806
- CAVANAGH, WILLIAM V., The effectiveness of a hospital birth control clinic, 883
- CHAPMAN, JAMES C. F. (WITH DANFORTH, D. N.), The incorporation of the isthmus uteri, 979
- CHESLEY, LEON C., Simultaneous renal clearances of urea and uric acid in the differential diagnosis of the late toxemias, 960
- CHRISTENSEN, R. A. (WITH FISHMAN, WILLIAM H., ODELL, LESTER D., AND GILL, JOHN E.), II. The influence of stilbestrol on serum beta-glucuronidase in women following parturition, 414
- CHRISTENSEN, R. C. (WITH HODGKINSON, C. P.), Hemorrhage from ruptured uterovaginal veins during pregnancy, 1112
- CHRISTHILF, STUART M., AND BONSNES, ROY W. (WITH THE TECHNICAL ASSISTANCE OF BARAD, BEATRICE), Liver function during pregnancy and the puerperium as measured by the cephalin-cholesterol flocculation, the thymol turbidity, and the bromsulfalein tests, 1100
- CLAIR, NELLIE E. (WITH WAMMOCK, VIRGENE S., CARROZZINO, O. M., AND INGRAHAM, NORMAN R., JR.), Penicillin therapy of the syphilitic pregnant woman: its practical application to a large urban obstetrical service, 806
- COLVIN, E. D., BARTHOLOMEW, R. A., GRIMES, WILLIAM H., AND FISH, JOHN S., Salvage possibilities in threatened abortion, 1208
- CONNALLY, FRANK (WITH HELLMAN, L. M., AND EPPERSON, JOHN W. W.), Face and brow presentation. The experience of the Johns Hopkins Hospital, 1896-1948, 831
- COREY, DOROTHY L. (WITH MCLENNAN, CHARLES E.), Plasma volume late in pregnancy, 662
- CORNER, GEORGE W., JR. (WITH CORNER, GEORGE W., SR., AND FARRIS, EDMOND J.), The dating of ovulation and other ovarian crises by histological examination in comparison with the Farris test, 514
- , HU, CHIH-YUAN, AND HERTIG, ARTHUR T., Ovarian carcinoma arising in endometriosis, 760
- CORNER, GEORGE W., SR., FARRIS, EDMOND J., AND CORNER, GEORGE W., JR., The dating of ovulation and other ovarian crises by histological examination in comparison with the Farris test, 514
- CORSCADEN, JAMES A., The treatment of early carcinoma of the cervix uteri, 272
- CRON, ROLAND S. (WITH VERCH, LESTER H., AND STOFFER, JAMES G.), A fifteen-year survey of cesarean sections, 108
- CURTIS, WILLIAM W., SUCKOW, EARL, AND HUFFMAN, JOHN W., Abdominal complete hysterectomy, 989
- DANFORTH, D. M., AND CHAPMAN, JAMES C. F., The incorporation of the isthmus uteri, 979
- DANFORTH, W. C., Sarcoma of the uterus, 598
- DAVIDS, ARTHUR M., AND WEINER, IRWIN, The effects of sedation on Fallopian tube motility, 673
- DAVIS, CARL HENRY, Pelvic tumors complicating pregnancy, 1202
- DECKER, ALBERT, DECKER, WAYNE, AND MILOWSKY, JACK, An anesthetic technique for culdoscopic examination, 455
- DECKER, WAYNE (WITH DECKER, ALBERT, AND MILOWSKY, JACK), An anesthetic technique for culdoscopic examination, 455
- DELSON, BARNET (WITH REYNOLDS, S. R. M., LUBIN, SAMUEL, WALTMAN, RICHARD, AND TISDALL, LESLIE), Status of membranes and uterine contraction characteristics as criteria for clinical success or failure in the use of Pitocin by continuous intravenous drip for induction of labor, 1062
- , LUBIN, SAMUEL, AND REYNOLDS, S. R. M., Patterns of Braxton Hicks contractions and the gradient of uterine activity during the first stage of labor: a study with the multichannel tokodynamometer, 795
- D'ESOP, D. ANTHONY, A review of cesarean section at the Sloane Hospital for Women, 1942-1947, 77
- DIDDLE, A. W., Genital cancer among women. Factors affecting its control in an urban population, 1373
- DIECKMANN, WILLIAM J. (WITH LATHROP, CLARENCE A., AND ALLEN, J. GARROTT), Abnormal bleeding in obstetrical and gynecological conditions, 897
- (WITH ODELL, L. D.), Beta-glucuronidase activity, 941 (Cor.)
- AND STOUT, FRANCIS, Insensible and total weight changes during labor and delivery and gynecologic operations, 1021
- , PRIDDLE, H. D., KING, J. A., AND FORMAN, J. B., The prophylactic use of a molybdenum-iron complex in pregnant patients, 442
- DIENST, ROBERT B. (WITH GREENBLATT, ROBERT B., WAMMOCK, VIRGENE S., AND WEST, ROBERT M.), Chloromycetin in the therapy of granuloma inguinale, 1129
- DIGNAM, W. C., WORTHAM, J. T., AND HAMBLEN, E. C., Estrogen therapy of functional dysmenorrhea: analysis of clinical results, 1124
- DILL, L. V., A study of the histologic structure of the cervix immediately post partum, 785
- DONNELLY, JAMES F., AND CALDWELL, JESSE B., An evaluation of the radical hysterectomy in the treatment of carcinoma of the cervix, 133
- DOUGLAS, R. GORDON (WITH GIVEN, WILLIAM P., AND TOLSTOI, EDWARD), Pregnancy and diabetes, 729
- AND LANDESMAN, ROBERT, Recent trends in cesarean section, 96
- DURBURG, JOHN R. (WITH GEIGER, CLYDE J.), A twenty-year statistical review of 451 consecutive cesarean sections, 588

## E

- EDWARDS, D. ERMORINE (WITH HOFFMAN, PHILIP B.), A preliminary report on a new concept in the treatment of Rh-negative pregnant women, 207
- EPPERSON, JOHN W. W. (WITH HARRIS, BRUCE A., JR.), An analysis of 131 cases of transverse presentation, 1105
- (WITH HELLMAN, L. M., AND CONNALLY, FRANK), Face and brow presentation. The experience of the Johns Hopkins Hospital, 1896-1948, 831
- EPSTEIN, WILLIAM A. (WITH WIMPHEIMER, SEYMOUR), Marsupialization for adherent pelvic masses, 926
- EVERETT, MARK R. (WITH SHETLAR, M. R., KELLY, KEITH H., FOSTER, JANEAL VILLET, AND SHETLAR, CLARA L.), Serum polysaccharide levels in pregnancy, parturition, and the postpartum state, 1140

## F

- FALLON, ROBERT J. (WITH MCSWEENEY, DANIEL J.), Ovulation and postovulation pain, 419
- FARKAS, ROBERT, AND LEVINE, STUART, X-ray incidence of fractured clavicle in vertex presentation, 204
- FARRIS, EDMOND J. (WITH CORNER, GEORGE W., SR., AND CORNER, GEORGE W., JR.), The dating of ovulation and other ovarian crises by histological examination in comparison with the Farris test, 514
- FELDMAN, FELIX (WITH GINSBERG, VICTOR), Analysis of fifty cases of erythroblastosis fetalis, 618
- FINN, WILLIAM F., Necrosis and detachment of the cervix during labor, 667
- FIORINO, JOHN F., ARRIGONI, LOUIS, AND TOZER, G. A., An improved treatment for *Trichomonas vaginalis* vaginitis, 452
- FISH, JOHN S. (WITH COLVIN, E. D., BARTHOLOMEW, R. A., AND GRIMES, WILLIAM H.), Salvage possibilities in threatened abortion, 1208
- FISHMAN, WILLIAM H. (WITH ODELL, LESTER D.), Studies on beta-glucuronidase: I. Activities in human endometrium, 200
- , ODELL, LESTER D., GILL, JOHN E., AND CHRISTENSEN, R. A., II. The influence of stilbestrol on serum beta-glucuronidase in women following parturition, 414
- FLAXMAN, A. J., Evaluation of radiotherapy, 711 (Cor.)
- FORMAN, J. B. (WITH DIECKMANN, WILLIAM J., PRIDDLE, H. D., AND KING, J. A.), The prophylactic use of a molybdenum-iron complex in pregnant patients, 442
- FOSTER, JANEAL VILLET (WITH SHETLAR, M. R., KELLY, KEITH H., SHETLAR, CLARA L., AND EVERETT, MARK R.), Serum polysaccharide levels in pregnancy, parturition, and the postpartum state, 1140
- FOX, MAX J., AND BELFUS, FRANK H., Poliomyelitis in pregnancy, 1134
- FREED, CHARLES R., AND KERN, FRANKLIN M., Treatment of granuloma inguinale with streptomycin, 195
- FREED, S. C. (WITH KROGER, W. S.), Psychosomatic aspects of sterility, 867
- (WITH KROGER, W. S.), Psychosomatic factors in functional amenorrhea, 328
- FRIEDMAN, HERBERT, P., JR., The use of ultraviolet light and fluorescent dyes in the detection of uterine cancer by vaginal smear, 852
- FRIEDMAN, MAX M. (WITH LAPAN, BERNARD), Glycogen and reducing substances in vaginal mucus, 921
- FULTON, LEE D., Intravenous Pitocin infusions, 940 (Cor.)

## G

- GALLAHER, PHYLLIS DEVIT (WITH HYAMS, MORTIMER N.), Vitamin A therapy in the treatment of vulvar leucoplakia, 1346
- GALLOWAY, CHARLES EDWIN, The cervix in pregnancy, 999
- GARDNER, HERMAN L., AND HARRIS, NANCY B., Use of the male frog (*Rana pipiens*) in a biological pregnancy test, 350
- GASKILL, CORNELIA J. (WITH STERNBERG, WILLIAM H.), Theca-cell tumors, with a report of 12 new cases and observations on the possible etiologic role of ovarian stromal hyperplasia, 575
- GEIGER, CLYDE J., AND DURBURG, JOHN R., A twenty-year statistical review of 454 consecutive cesarean sections, 588

- GERNAND, HENRY C. (WITH SCHADE, FRANK F.), Clinical evaluation of Methergine, 627
- GIBSON, W. E., An analysis of breech deliveries in a general hospital, 180
- GILL, JOHN E. (WITH FISHMAN, WILLIAM H., ODELL, LESTER D., AND CHRISTENSEN, R. A.), II. The influence of stilbestrol on serum beta-glucuronidase in women following parturition, 414
- GILLESPIE, EDWARD CLARK, Principles of uterine growth in pregnancy, 946
- GINSBERG, VICTOR, AND FELDMAN, FELIX, Analysis of fifty cases of erythroblastosis fetalis, 618
- GIVEN, WILLIAM P., DOUGLAS, R. GORDON, AND TOLSTOI, EDWARD, Pregnancy and diabetes, 729
- GOLD, EDWIN M., "Pelvic drive" in obstetrics: an x-ray study of 100 cases, 890
- GOLDENBERG, H. (WITH WYATT, J. P.), The septic abortion kidney, 337
- GOLDSMITH, JOSEPH W., Experiences with Rh hapten, 172
- GRABER, EDWARD A., A sign of placental separation, 699
- GRAFF, ADA M. (WITH SPEERT, HAROLD, AND GRAFF, SAMUEL), Serum phosphatase relations in mother and fetus, 148
- GRAFF, SAMUEL (WITH SPEERT, HAROLD, AND GRAFF, ADA M.), Serum phosphatase relations in mother and fetus, 148
- GRAHAM, DOROTHY A. (WITH GUSBERG, S. B.), The development of a vaginal cytology laboratory: its precision and significance, 1053
- GRANDIN, DEAN J. (WITH BOWEN, GEORGE L., JULIEN, EDWARD E., AND KRECH, SHEPARD, JR.), Pheochromocytoma complicating pregnancy, 378
- GREENBERG, EMANUEL M., A suggested modification for the obstetrical forceps to avoid trauma, 1169
- GREENBLATT, ROBERT B., WAMMOCK, VIRGENE S., DIENST, ROBERT B., AND WEST, ROBERT M., Chloromycetin in the therapy of granuloma inguinale, 1129
- GREENTREE, LEONARD B., The mechanism of endometriotic pain, 1082
- GRIFFIN, EUGENE L. (WITH ROGERS, T. E., JR.), A new simple method of fetometry in breech presentations, 909
- GRIMES, WILLIAM H. (WITH COLVIN, E. D., BARTHOLOMEW, R. A., AND FISH, JOHN S.), Salvage possibilities in threatened abortion, 1208
- GUSBERG, S. B., AND GRAHAM, DOROTHY A., The development of a vaginal cytology laboratory: its precision and significance, 1053

## H

- HALL, J. EDWARD, PEPE, JOHN, AND TORTORA, JOHN, Primary uterine malignancy, 634
- HALL, ORRIN W., JR. (WITH BELINKOFF, STANTON), Intravenous alcohol during labor, 429
- HAMBLIN, E. C. (WITH DIGNAM, W. J., AND WORTHAM, J. T.), Estrogen therapy of functional dysmenorrhea: analysis of clinical results, 1124
- HANSON, FREDERICK M., AND ROCK, JOHN, The effect of adoption on fertility and other reproductive functions, 311
- HARRIS, BRUCE A., JR., AND EPPERSON, JOHN W. W., An analysis of 131 cases of transverse presentation, 1105
- HARRIS, J. S. (WITH HELLMAN, L. M., AND REYNOLDS, S. R. M.), Intravenous pituitary extract in labor with data on patterns of uterine contractility, 41
- (WITH KAISER, IRWIN H.), The effect of Adrenalin on the pregnant human uterus, 775

- HARRIS, NANCY S. (WITH GARDNER, HERMAN L.). Use of the male frog (*Rana pipiens*) in a biological pregnancy test, 350
- HARTMAN, CARL G. (WITH JOHNSON, GARTH, AND KUPFERBERG, ALFRED B.). Cyclic changes in vaginal populations of experimentally induced *Trichomonas vaginalis* infections in Rhesus monkeys, 689
- HAWKINS, ROBERT J., AND MERKEL, RICHARD L. A study of neonatal deaths. A six-year review, 609
- HELLMAN, L. M., EPPERSON, JOHN W. W., AND CONNALLY, FRANK. Face and brow presentation. The experience of the Johns Hopkins Hospital, 1896-1948, 831
- , HARRIS, J. S., AND REYNOLDS, S. R. M. Intravenous pituitary extract in labor with data on patterns of uterine contractility, 41
- HENDERSON, D. NELSON, AND BEAN, JOHN L. M. Early extrauterine pregnancy, 1225
- HERBUT, PETER A. (WITH MURPHY, EDWARD J.). The uterine cervix during pregnancy, 384
- HERON, WILLIAM T. (WITH ABRAMSON, MILTON). An objective evaluation of hypnosis in obstetrics, 1069
- HERTIG, ARTHUR T. (WITH CORNER, GEORGE W., JR., AND HU, CHIH-YUAN). Ovarian carcinoma arising in endometriosis, 760
- (WITH HU, C. Y., AND TAYMOR, M. L.). Primary carcinoma of the Fallopian tube, 58
- (WITH SEXTON, LLOYD I., REID, DUNCAN E., KELLOGG, FOSTER S., AND PATTERSON, W. STUART). Premature separation of the normally implanted placenta. A clinicopathological study of 476 cases, 13
- HERTSCH, GEORGE J. (WITH STEER, CHARLES M.). Electrical activity of the human uterus in labor. The electrohystero-graph, 25
- HESS, ORVAN W. Diverticulum of the pregnant uterus, 391
- HESELTEIN, H. CLOSE, AND KEPHART, S. BRUCE. Prophylactic use of penicillin and streptomycin in certain obstetric conditions, 184
- HODGKINSON, C. P., AND CHRISTENSEN, R. C. Hemorrhage from ruptured uteroovarian veins during pregnancy. Report of three cases and review of the literature, 1112
- HOERNER, J. K. (WITH KNOX, I. C., JR.). The role of infection in premature rupture of the membranes, 190
- HOFBAUER, J. Pregnancy changes in the uterine cervical ganglia (Frankenhäuser) as causative factors of vascular hypertension in toxemia, 1383
- HOFFMAN, PHILIP B., AND EDWARDS, D. ERMORINE. A preliminary report on a new concept in the treatment of Rh-negative pregnant women, 207
- HOLTZ, RAYMOND S. The perineal cup in episiotomy, perineal and rectal surgery, 463
- HOROWITZ, EDWARD A. (WITH BRODY, HENRY). Gonadotropin in spinal fluid in a case of twin pregnancy, 685
- HU, CHIH-YUAN (WITH CORNER, GEORGE W., JR., AND HERTIG, ARTHUR T.). Ovarian carcinoma arising in endometriosis, 760
- , TAYMOR, M. L., AND HERTIG, A. T. Primary carcinoma of the Fallopian tube, 58
- HUFFMAN, JOHN W. The effect of gynecologic surgery on sexual reactions, 915
- (WITH CURTIS, WILLIAM W., AND SUCKOW, EARL). Abdominal complete hysterectomy, 989
- HUGHES, EDWARD C., VAN NESS, ALBERT W., AND LLOYD, CHARLES W. The nutritional value of the endometrium for implantation and in habitual abortion, 1292
- HUNTER, RICHARD E. (WITH BRAMBEL, CHARLES E.). Effect of Dicumarol on the nursing mother, 1153
- HURLBUTT, FRANK R. The use of Nidoxital in emesis gravidarum, 458
- HYAMS, MORTIMER N., AND GALLAHER, PHYLIS DEVIT. Vitamin A therapy in the treatment of vulvar leucoplakia, 1346

## SUBJECT INDEX\*

### A

- Abdominal hysterectomy, complete (Curtis et al.), 989
- simplified technique and end results in 500 cases (Aldridge and Meredith), 748
- Abortion, 1389 (Absts.)
- habitual, incompetent internal os of the cervix in (Lash and Lash), 68
- nutritional value of endometrium for implantation, and in (Hughes et al.), 1292
- radical treatment of (Safford and Longworth), 398
- temperatures in, oral basal (Stewart), 563
- therapeutic, uterovesical fistula following (Ingelsman-Sundberg), 678 (Abst.)
- threatened, salvage possibilities in (Colvin et al.), 1208
- sodium pregnandiol glucuronidate determination in (Yanow et al.), 1160
- Abstracts, abortion, 1389
- anatomy, anomalies, 226
- anesthesia, analgesia, 226, 465, 497, 1389
- cesarean section, 107, 230, 655
- eclampsia, 147
- endocrinology, 227, 597, 608, 688, 701, 710, 1172, 1390
- endometriosis, 451, 1173
- endometrium, 462
- gynecology, 140, 199, 203, 212, 216, 228, 232, 245, 358, 423, 513, 528, 661, 678, 926, 1174
- operative, 460, 936, 1175
- labor and puerperium, 48, 231, 390, 403, 418, 1175
- malignancies, 219, 466, 936, 1171, 1390
- mammary glands, 227, 466, 1391
- menopause, 225, 229
- menstruation, dysmenorrhea, 468, 562, 672, 692, 1175, 1391
- miscellaneous, 937, 1176, 1392
- newborn, 24, 132, 229, 258, 413, 444, 468, 655, 1177, 1393
- obstetrics, 95, 171, 397, 551
- placenta, 1176
- pregnancy, complications, physiology, 121, 179, 206, 209, 230, 304, 349, 428, 468, 574, 626, 647, 695, 1177, 1394
- sterility, contraception, fertility, 209, 271, 320, 358, 1180
- venereal disease, 1180, 1396
- Acetylcholine, blood level changes of, at term, during labor, and postpartum (Stefanelli and Petronio), 418 (Abst.)
- Adenocarcinoma in one horn of uterus didelphys (Sieglar), 162
- Adolescent, pregnancy and (Marchetti and Menaker), 1013
- Adoption, effect of, on fertility and other reproductive functions (Hanson and Rock), 311
- Adrenalin, effect of, on pregnant human uterus (Kaiser and Harris), 775
- Alcohol, intravenous, during labor (Belinkoff and Hall), 429
- Ambulation in obstetrics, study on first-day (Burnett and Kennedy), 210
- Amenorrhea and sterility associated with endometrial hyperplasia, value of x-ray therapy in (Wolfe), 259
- etiology of primary (Kaeser), 692 (Abst.)
- psychosomatic factors in functional (Kroger and Freed), 328

- American Association of Blood Banks, 945 (Item)
- of Obstetricians, Gynecologists, and Abdominal Surgeons, presidential address of the sixtieth annual meeting, Sept. 8-10, 1949 (Bloss), 1183
- transactions of sixtieth annual meeting, Sept. 8-10, 1949, 1183
- Board of Obstetrics and Gynecology, 474, 714, 943, 1398 (Items)
- obstetrical and gynecological societies, roster of, 234, 946
- Analgesia, continuous caudal, in obstetrics; 2,015 consecutive cases (Lusk), 437
- self-administered, in labor (Seward), 1389 (Abst.)
- trilene in labor (Reynolds), 497 (Abst.)
- Anatomy and histology of sacrouterine ligaments (Campbell), 1
- anomalies, 226 (Abst.)
- Anemia in babies delivered by cesarean section; possible prevention (Siddall and West), 230 (Abst.)
- of pregnancy, intravenous use of iron in treatment of (Govan and Scott), 179 (Abst.)
- macrocytic, refractory to vitamin B<sub>12</sub> therapy; response to treatment with folic acid (Day et al.), 428 (Abst.)
- Anesthesia, analgesia, 226, 465, 497, 1389 (Absts.)
- Demerol-scopolamine amnesia, intravenous, during labor (Brown et al.), 465 (Abst.)
- heroin, Demerol and hyoscine in labor (Davis and Turper), 465 (Abst.)
- continuous caudal, shock during (Kelly), 226 (Abst.)
- versus saddle-block, in obstetrics (Lewis and Austin), 1146
- intrathecal ephedrine sulfate, intrathecal Pontocaine, and inhalation anesthesia, comparative study of, for obstetrical delivery (Penman), 1095
- Pentothal sodium, terminal obstetrical (Boyd and Jones), 931
- perineal cup in episiotomy, perineal and rectal surgery (Holtz), 463
- Anesthetic technique for culdoscope examination (Decker et al.), 455
- Asphyxia of newborn (Hoff), 444 (Abst.)
- Aureomycin, oral, in treatment of streptomycin-resistant granuloma inguinale (Greenblatt et al.), 232 (Abst.)
- treatment of urinary tract infection (Collins and Finland), 1392 (Abst.)
- Autointoxication in pregnancy, experimental contributions to doctrine of (Coppola), 230 (Abst.)

### B

- Baby, having your (Biskind) 706 (B. rev.)
- Bactericidal action of beta progesterone (Koch), 168
- Bartholin's gland, epidermoid carcinoma primary in (Curran and Healey), 219 (Abst.)
- Basal body temperature of women, correlation between temperature and time factor (Palmer), 155
- Beta progesterone, bactericidal action of (Koch), 168

\*January, pp. 1-236; February, pp. 237-474; March, pp. 475-714; April, pp. 715-948; May, pp. 949-1182; June, pp. 1183-1420.

- Beta-glucuronidase activity (Odell and Dieckmann), 941 (Cor.)  
in human endometrium, studies on (Odell and Fishman), 200
- Biopsies, cervical, in office procedures, instrument for obtaining adequate (Kraushaar), 217
- Biopsy, cervical, two instruments for (Thoms), 222
- Birth control clinic, effectiveness of a hospital (Cavanagh), 883
- intracranial disorders of newborn associated with (Campbell), 258 (Abst.)
- premature, mortality from, practical measures for reduction of (Weymuller), 258 (Abst.)
- retrolental fibroplasia a hazard of (Speert et al.), 246
- weight, relation of, to physical development in childhood (Illingworth et al.), 1394 (Abst.)
- Bladder, carcinoma of female genitals invading, a one-stage operation for (Brunschwig et al.), 237
- Bleeding, abnormal, in obstetrical and gynecological conditions (Lathrop et al.), 897
- functional uterine (Hepp), 423 (Abst.)
- uterine, hysteroscopy in diagnosis of (Wexler et al.), 528 (Abst.)
- Blood bank, group O, operation of (Patton), 693
- flow in gravid uterus, conditions of (Reynolds), 529
- picture of newborn, factors influencing (DeMarsh et al.), 24 (Abst.)
- Books, review of new, 703
- Braxton Hicks contractions, patterns of, and the gradient of uterine activity during first stage of labor (Delson et al.), 795
- Breast, carcinoma of, clinical response of metastatic lesions of, to hormonal therapy as related to histologic grade of malignancy (Lowenhaupt and Steinback), 227 (Abst.)
- testosterone propionate in treatment of advanced (Watson and Fetterman), 937 (Abst.)
- fibroadenosis of, effect of endocrine on (Atkins), 1391 (Abst.)
- Breech deliveries in a general hospital, analysis of (Gibson), 180
- presentations, fetometry in, new simple method of (Rogers and Griffin), 909
- Broad ligament, primary lipoma of (Funck-Brentano), 936 (Abst.)
- C
- Cancer, genital, factors affecting its control in urban population (Diddle), 1373
- malignancies, 466 (Absts.)
- of cervix as seen in a rural community (Cave), 467 (Abst.)
- of uterine cervix, radiotherapy in, results of, annual report on (Heyman et al.), 702 (B. rev.)
- uterine, use of ultraviolet light and fluorescent dyes in detection of, by vaginal smear (Friedman), 852
- Carcinoma, 219 (Absts.)
- endometrial (Diddle), 216 (Abst.)
- of Bartholin's gland, epidermoid primary (Curran and Healey), 215 (Abst.)
- of breast, clinical response of metastatic lesions of, to hormonal therapy as related to histologic grade of malignancy (Lowenhaupt and Steinback), 227 (Abst.)
- testosterone propionate in treatment of advanced (Watson and Fetterman), 937 (Abst.)
- of cervix (Randall et al.), 285
- associated with pregnancy (Johnson and Weinfurter), 1189
- effect of hysterectomy on (Wall and Klingensmith), 901
- Carcinoma of cervix—Cont'd
- heterologous transplantation of, attempted (Scott and Brack), 1391 (Abst.)
- myocardial metastases from, with ventricular tachycardia and sudden death (Dross and Cutts), 1390 (Abst.)
- radical hysterectomy in treatment of, evaluation of (Donnelly and Caldwell), 133
- results of treatment (Morris and Meigs), 1171 (Abst.)

- Kidney, septic abortion (Wyatt and Goldenberg), 337

## L

- Labor, 48, 390, 403 (Absts.)  
 analgesia in, self-administered (Seward), 1389 (Abst.)  
 and delivery, weight changes during, insensible and total (Dieckmann and Stout), 1021  
 and puerperium, 418 (Absts.)  
 Braxton Hicks contractions, patterns of, and the gradient of uterine activity during first stage of (Delson et al.), 795  
 delayed gastric emptying time in (La Salvia and Steffen), 1075  
 Demerol-scopolamine amnesia, intravenous, during (Brown et al.), 465 (Abst.)  
 gastric emptying time in, delayed (La Salvia and Steffen), 1075  
 heroin, Demerol and hyoscine in (Davis and Tupper), 465 (Abst.)  
 induction and stimulation of, intravenous use of dilute Pituitrin for (Stone), 49  
   Pitocin by continuous intravenous drip for, status of membranes and uterine contraction characteristics as criteria for clinical success or failure in (Reynolds et al.), 1062  
   unusually large amounts of (Gratton), 48 (Abst.)  
 intravenous alcohol during (Belinkoff and Hall), 429  
   pituitary extract in, with data on patterns of uterine contractility (Hellman et al.), 41  
 management, complications, 1175 (Absts.)  
 midpelvic contraction, study of (Thoms and Wyatt), 424  
 midpelvis in (Kaufman), 1179 (Abst.)  
 necrosis and detachment of cervix during (Finn), 667  
 observations on a series of, with special reference to psychological delivery (Read), 390 (Abst.)  
 rupture of membranes, management of delayed response to artificial, as method of inducing (Lemmon), 403 (Abst.)  
 triline as an analgesic in (Reynolds), 497 (Abst.)  
 uterine motility during, effect of certain anesthetic agents in, observations on (Howard et al.), 466 (Abst.)  
 uterus in, electrical activity of the human (Steer and Hertsch), 25  
 Lactating women, ovulation in (Udesky), 843  
 Lactation, human, clinical effect of luteotrophin on (Perese and Diddle), 1172 (Abst.)  
   security of, early yield of human milk and its relation to (Waller), 1177 (Abst.)  
 Lawson Tait, 1845-1899 (Flack), 703 (B. rev.)  
 Leucoplakia, vulvar, vitamin A therapy in treatment of (Hyams and Gallaher), 1346  
 Lipoma of broad ligament, primary (Funck-Brentano), 936 (Abst.)  
 Liver function during pregnancy and puerperium, as measured by cephalin-cholesterol flocculation, thymol turbidity, and bromsulfalein tests (Christilf et al.), 1100  
 Luteotrophin, clinical effect of, on human lactation (Perese and Diddle), 1172 (Abst.)

## M

- Magnesium in dysmenorrhea (Rawlings), 468 (Abst.)  
 Mahfouz's obstetrical and gynecological museum, atlas of (Mahfouz), 708 (B. rev.)

- Male Batrachia, pregnancy test using (Galli Mainini), 349 (Abst.)  
 frog (*Rana pipiens*) in biological pregnancy test (Gardner and Harris), 350  
 toads as test animals in diagnosis of early human pregnancy, study of native species of (McCallin and Whitehead), 345  
 Malignancies, 936, 1390 (Absts.)  
 Malignancy, primary uterine (Hall et al.), 634  
 Mammary glands, 227, 466, 1391 (Absts.)  
 Marsupialization for adherent pelvic masses (Wimpheimer and Epstein), 926  
 Mastitis, neonatal, epidemic of, an unusual (Keettel and Stoltz), 642  
 Maternal obesity (Sheldon), 1396 (Abst.)  
 Medical dictionary, Blakiston's new Gould, 709 (B. rev.)  
 Medicine throughout antiquity (Gordon), 708 (B. rev.)  
 Membranes, artificial rupture of, management of delayed response to, as method of inducing labor (Lemmon), 403 (Abst.)  
   premature rupture of, role of infection in (Knox and Hoerner), 190  
 Menopausal syndrome, pellet implantation with alpha estradiol for relief of (Imerman), 225 (Abst.)  
 Menopause, 225, 229 (Absts.)  
   effect of vitamin E in (Finkler), 229 (Abst.)  
   estradiol buccal tablets in treatment of (Perloff), 223  
   facts about (Hamblen), 703 (B. rev.)  
 Menorrhagia of emotional origin (Blakley), 1392 (Abst.)  
 Menstrual cycle and reproduction, changes in circulating eosinophils in women during (Davis and Hult), 1391 (Abst.)  
   disorders, relation of endometrial hyperplasia to (Burch and Burch), 1179 (Abst.)  
 Menstruation, dysmenorrhea, 468, 672, 692, 1175, 1391 (Absts.)  
 Metachromasia in the endometrium (McKay), 875  
 Methergine, clinical evaluation of (Schade and Gernand), 627  
 Methionine in obstetrics, use of (Philpott), 551 (Abst.)  
 Midpelvic contraction, study of (Thoms and Wyatt), 424  
 Midpelvis, consideration of, in course and outcome of labor (Kaufman), 1179 (Abst.)  
 Milk, excretion of penicillin in human (Rozansky and Brzezinsky), 466 (Abst.)  
 Mojon-Gabastou injection, hydraulic method delivery of retained placenta (Bradley), 141  
 Mol-iron, prophylactic use of, in pregnant patients (Dieckmann et al.), 442  
 Molybdenum-iron complex, prophylactic use of, in pregnant patients (Dieckmann et al.), 442  
 Monamine oxidase, quantitative estimation of, in placenta in normal pregnancy and toxemia (Luschinsky), 906  
 Moniliasis, vulvovaginal (Campbell and Parrott), 1005  
 Mother and fetus, serum phosphatase relations in (Speert et al.), 148  
 Myomectomy, principles of (Louros), 936 (Abst.)  
 Myxedema, uterotubal persufflation curve in; effect of thyroid therapy (Fournier et al.), 597

## N

- Nausea and vomiting of pregnancy, diethylstilbestrol in (Bertling and Burwell), 461  
 Necrology, Chipman, Walter William, 1181  
   Danforth, William Clark, 233  
   Morse, Arthur Henry, 713  
   Webster, John Clarence, 1181

- Neonatal deaths, study of (Hawkins and Merkel), 609  
 mastitis, epidemic of, an unusual (Keettel and Stoltz), 642  
 mortality, study of, clinical statistical (Nobile), 230 (Abst.)  
 Newborn, 24, 132, 229, 258, 413, 444, 468, 655, 1177, 1393 (Absts.)  
 anemia in, delivered by cesarean section, possible prevention (Siddall and West), 230 (Abst.)  
 asphyxia of (Hoff), 444 (Abst.)  
 birth weight, relation of, to physical development in childhood (Illingworth et al.), 1394 (Abst.)  
 blood picture of, factors influencing (De Marsh et al.), 24 (Abst.)  
 congenital pneumonitis in (Adams), 132 (Abst.)  
 diaphragmatic hernia in, surgical repair of (Vale), 229 (Abst.)  
 diarrhea and vomiting in, relation of *Staphylococcus pyogenes* to (Martyn), 1394 (Abst.)  
 erythroblastosis fetalis, analysis of 50 cases of (Ginsberg and Feldman), 618  
 mortality following exchange transfusion in (Wiener and Wexler), 178  
 fetal nanosomia and bone athrepsia in, of a woman with a severe cyanotic cardiovascular anomaly (Black-Schaffer), 656  
 hemolytic disease of (Lucia and Hunt), 1393 (Abst.)  
 due to anti-A antibodies (Boorman et al.), 1393 (Abst.)  
 hydrocephalus, spina bifida, and other congenital anomalies in rat produced by trypan blue, preliminary report (Gillman et al.), 413 (Abst.)  
 intracranial disorders of, associated with birth (Campbell), 258 (Abst.)  
 Rh antibody stimulation with Rh-negative fetus, and its significance to (Schneider et al.), 543  
 Rh hapten, experiences with (Goldsmith), 172  
 staphylococci in (Martyn), 468 (Abst.)  
 vitamin D preparations in prophylactic treatment of premature infants, comparative efficacy of (Glaser et al.), 132 (Abst.)  
 water-soluble vitamin K in (Gordon), 469 (Abst.)  
 with hemolytic disease, substitution transfusion in, improved equipment for (Pollak), 220  
 Nidoxital in emesis gravidarum (Hurlbutt), 458  
 Nursing mother, effect of Dicumarol on (Brambel and Hunter), 1153  
 Nutritional value of endometrium for implantation and in habitual abortion (Hughes et al.), 1292
- O
- Obesity, maternal (Sheldon), 1396 (Abst.)  
 large babies, and diabetes, association of (Gilbert), 1396 (Abst.)  
 Obstetric amnesia and analgesia, vinbarbital sodium for, analysis and evaluation of (Mueller), 679  
 technic, atlas of (Titus), 704 (B. rev.)  
 Obstetrical and gynecological conditions, abnormal bleeding in (Lathrop et al.), 897  
 museum, Mahfouz's atlas of (Mahfouz), 708 (B. rev.)  
 anesthesia, Pentothal Sodium, terminal (Boyd and Jones), 931  
 forceps, suggested modification for, to avoid trauma (Greenberg), 1169  
 Obstetrician, the ideals, responsibilities, and reward of (Bloss), 1183
- Obstetrics, 95, 171, 397, 551 (Absts.)  
 abortion, habitual, and the incompetent internal os of the cervix (Lash and Lash), 68  
 radical treatment of (Safford and Longworth), 398  
 threatened, salvage possibilities in (Colvin et al.), 1208  
 sodium pregnandiol glucuronide determinations in (Yanow et al.), 1160  
 ambulation in, study on first-day (Burnett and Kennedy), 210  
 analgesia in, continuous caudal; 2,015 consecutive cases (Lusk), 437  
 and gynecology, a synoptic guide to treatment (Willmott), 705 (B. rev.)  
 anesthesia, continuous caudal, shock during (Kelly), 226 (Abst.)  
 versus saddle-block (Lewis and Austin), 1146  
 autointoxication in pregnancy, experimental contributions to doctrine of (Coppola), 230 (Abst.)  
 basal temperatures, oral, in abortion and ectopic pregnancy (Stewart), 563  
 blood flow in gravid uterus, conditions of (Reynolds), 529  
 breech deliveries in a general hospital, analysis of (Gibson), 180  
 presentations, fetometry in, new simple method of (Rogers and Griffin), 909  
 cervix, histologic structure of, immediately post partum, study of (Dill), 785  
 in pregnancy (Galloway), 999  
 cesarean section, cyclopropane in (Brown), 107 (Abst.)  
 fifteen-year survey of (Verch et al.), 108  
 in Dublin (Feeney), 107 (Abst.)  
 recent trends in (Douglas and Landesman), 96  
 review of, at Sloane Hospital for Women, 1942-1947, 77  
 sections, 454 consecutive, a twenty-year statistical review of (Geiger and Durburg), 588  
 contractions, midpelvic, study of (Thoms and Wyatt), 424  
 delivery, comparative study of intrathecal ephedrine sulfate, intrathecal Pontocaine, and inhalation anesthesia for (Penman), 1095  
 of chin-to-chin locked twins, maneuver for simultaneous (Kimball and Rand), 1167  
 Demerol-scopolamine amnesia, intravenous, during labor (Brown et al.), 465 (Abst.)  
 Dicumarol, new view on use of, in pregnant patient (Adamson et al.), 498  
 diverticulum of pregnant uterus (Hess), 391  
 eclampsia, overtreatment of (Mengert and Hermes), 147 (Abst.)  
 ectopic pregnancy (Masani), 704 (B. rev.)  
 emesis gravidarum, Nidoxital in (Hurlbutt), 458  
 endometriosis and pregnancy (Ware), 715  
 face and brow presentation, experience at the Johns Hopkins Hospital, 1896-1948 (Hellman et al.), 831  
 presentation in normal mature fetus, study of (Tucker), 1175 (Abst.)  
 fluid retention in normal and toxemic pregnancies, management of excessive (Willson and Penman), 1321  
 gastric emptying time, delayed, in labor (La Salvia and Steffen), 1075  
 hemorrhage from ruptured uteroovarian veins during pregnancy (Hodgkinson and Christensen), 1112  
 histamine metabolism during pregnancy (Kapeller-Adler), 1394 (Abst.)  
 hypertensive disease of pregnancy treated by splanchnicectomy (Peet and Isberg), 574  
 hypnosis in, an objective evaluation (Abramson and Heron), 1069

## Obstetrics—Cont'd

- isometric pelvimetry with accurate outlet measurements, method of (Trepow and Lilienfeld), 125
- labor, induction and stimulation of, intravenous use of dilute Pituitrin for (Stone), 49
- Pitocin for (Gratton), 48 (Abst.)
- intravenous alcohol during (Belinkoff and Hall), 429
- pituitary extract in, with data on patterns of uterine contractility (Hellman et al.), 41
- rupture of membranes, management of delayed response to artificial, as method of inducing (Lemmon), 430 (Abst.)
- uterus in, electrical activity of the human (Steer and Hertsch), 25
- lactating women, ovulation in (Udesky), 843
- lactation, clinical effect of luteotrophin on (Perese and Diddle), 1172 (Abst.)
- security of, early yield of human milk and its relation to (Waller), 1177 (Abst.)
- liver function during pregnancy and puerperium (Christhilf et al.), 1100
- maternal obesity (Sheldon), 1396 (Abst.)
- large babies, and diabetes, association of (Gilbert), 1396 (Abst.)
- Methergine, clinical evaluation of (Schade and Gernand), 627
- methionine in (Philpott), 551 (Abst.)
- midpelvis, consideration of, in course and outcome of labor (Kaufman), 1179 (Abst.)
- molybdenum-iron complex, prophylactic use of, in pregnant patients (Dieckmann et al.), 442
- necrosis and detachment of cervix during labor (Finn), 667
- nursing mother, effect of Dicumarol on (Brambel and Hunter), 1153
- occiput posterior and occiput transverse positions, new rotating forceps for (Bloom), 924
- ovum, abnormal early human (Studdiford), 448
- parturition, serum beta-glucuronidase in women following, influence of stilbestrol on (Fishman et al.), 414
- "pelvic drive" in, x-ray study of 100 cases (Gold), 890
- penicillin and streptomycin in, prophylactic use of (Hesseltine and Kephart), 184
- pheochromocytoma complicating pregnancy (Bowen), 378
- Pitocin by continuous intravenous drip for induction of labor, status of membranes and uterine contraction characteristics as criteria for clinical success or failure in use of (Reynolds et al.), 1062
- placenta, calcification of (Solomons), 1176 (Abst.)
- manual removal of, a ten-year survey (de Voe and Hunt), 95 (Abst.)
- premature separation of normally implanted (Sexton et al.), 13
- previa, management of, with emphasis on conservatism (Johnson), 1236
- retained: delivery by hydraulic method (Mojon-Gabastou injection) (Bradley), 141
- placental acetylcholine, report on (Stefanelli and Petronio), 418 (Abst.)
- separation, a sign of (Graber), 699
- plasma volume late in pregnancy (McLennan and Corey), 662
- poliomyelitis in pregnancy (Fox and Belfus), 1134
- pregnancy and diabetes (Given et al.), 729
- and puerperium, uterine fibromyomas in (Tarico), 231 (Abst.)
- and pulmonary tuberculosis (Simpson and Long), 505
- and the adolescent (Marchetti and Menaker), 1013

## Obstetrics, pregnancy—Cont'd

- anemia of, intravenous use of iron in treatment of (Govan and Scott), 179 (Abst.)
- carcinoma of cervix associated with (Johnson and Weinfurter), 1189
- changes in uterine cervical ganglia as causative factors of vascular hypertension in toxemia (Hofbauer), 1383
- choreiform behavior during, with data on five cases (McElin and Lovelady), 179 (Abst.)
- complications of late, use of Diethylstilbestrol to prevent fetal loss from (Smith and Smith), 1172 (Abst.)
- diagnosis, male toads as test animals in early human, study of native species of (McCallin and Whitehead), 345
- reliability of male North American frog in (Robbins and Parker), 1176 (Abst.)
- extrauterine, early (Henderson and Bean), 1225
- fibromyomata complicating, significance and management of (Trites), 206 (Abst.)
- in Addison's disease (Knowlton et al.), 1178 (Abst.)
- parturition, and the postpartum state, serum polysaccharide levels in (Shetlar et al.), 1140
- pelvic tumors complicating (Davis), 1202
- serum phosphatase relations in mother and fetus (Speert et al.), 148
- suprarenal hemorrhage in (Arnold et al.), 1178 (Abst.)
- test, a simple, accurate (Schwartz), 213
- male frog, evaluation of (Sharnoff and Zaino), 653
- torsion of normal Fallopian tube complicating (Caldwell), 231 (Abst.)
- uterine cervix during (Murphy and Herbut), 384
- varicose veins in, active therapy of (Hamilton et al.), 1179 (Abst.)
- pregnenediol assays, clinical value of (Swyer), 1395 (Abst.)
- premature birth, retrolental fibroplasia a hazard of (Speert et al.), 246
- primigravidas, elderly, pregnancy and labor in (Waters and Wager), 296
- puerperal hypertensive encephalopathy with anuria, continuous spinal block in (Bryce-Smith et al.), 1395 (Abst.)
- sepsis, etiology and prophylaxis of (Bigger), 231 (Abst.)
- radiological diagnosis in, appraisal of value of, based on 15 years' personal experience (Nash), 475
- Rh anamnestic reaction during pregnancy, frequency of (Schneider), 371
- Rh antibody stimulation with Rh-negative fetus and its significance to newborn (Schneider et al.), 543
- Rh factor in Negroes, sensitizations to (Waller and Waller), 1392 (Abst.)
- Rh hapten, experiences with (Goldsmith), 172
- Rh-negative pregnant women, treatment of, preliminary report on a new concept in (Hoffman and Edwards), 207
- rupture of membranes, premature, role of infection in (Knox and Hoerner), 190
- of pregnant uterus (Brierton), 113
- of uterus (Watt), 490
- septic abortion kidney (Wyatt and Goldenberg), 337
- skin in pregnancy, vascular changes of (Bean et al.), 695 (Abst.)
- splenectomy during pregnancy, report of 5 cases and review of literature (McElin et al.), 1036
- syphilitic pregnant woman, penicillin therapy of; practical application to large urban obstetrical service (Wammock et al.), 806

- Obstetrics—Cont'd  
 thrombosis and thrombophlebitis in, treatment of (Blondet), 232 (Abst.)  
 toxemias, differential diagnosis of late, simultaneous renal clearances of urea and uric acid in (Chesley), 960  
 transverse presentation, analysis of 131 cases (Harris and Epperson), 1105  
 twin pregnancy, gonadotropin in spinal fluid of (Brody and Horowitz), 685  
 uterine growth during pregnancy, principles of (Gillespie), 949  
 varicose veins during pregnancy, operation for severe (Dodd), 468 (Abst.)  
 vertex presentation, x-ray of fractured clavicle in (Farkas and Levine), 204  
 weight changes during labor and delivery, insensible and total (Dieckmann and Stout), 1021  
 Xenopus pregnancy test (Polak), 209  
 Occiput posterior and occiput transverse positions, new rotating forceps for (Bloom), 924  
 Ogino-Knaus theory (Nizza), 320 (Abst.)  
 Ophthalmia neonatorum, penicillin therapy in (Sorsby), 469 (Abst.)  
 Ovarian carcinoma arising in endometriosis  
   glaucosa cell tumor and acromegaly (Speert), 1174 (Abst.)  
   tumors, large, study of (Bueno), 513 (Abst.)  
 Ovary and syphilis, practical considerations of (Blum), 1396 (Abst.)  
   ceroid pigment in human (Reagan), 433  
   cortex of human, structure and function of (Schwarz and Young), 820  
   dysgerminoma of, with metastases clinically simulating Wilms' tumor and adrenal neuroblastoma (Mandeville et al.), 216 (Abst.)  
 Ovulation and other ovarian crises, dating of, by histological examination in comparison with Farris test (Cerner et al.), 514  
   and postovulation pain (McSweeney and Fallon), 419  
   in lactating women (Udesky), 843  
   temperature compared with rat test for prediction of human (Farris), 358, 672 (Absts.)  
   test, rat (Sieglar), 470 (Cor.)  
 Ovum, abnormal early human (Studdiford), 448
- P**
- Pain, endometriotic, mechanism of (Greentree), 1082  
 Panhysterectomy for uterine carcinoma (Randall), 942 (Cor.)  
   radical, pelvic lymph node excision, total vaginectomy, and total cystectomy (Brunschwig et al.), 237  
 Parathyroid glands and metabolic bone disease, selected studies (Albright and Reifenstein), 707 (B. rev.)  
 Parturition, serum beta-glucuronidase in women following, influence of stilbestrol on (Fishman et al.), 414  
 Pathological aspects of hydatidiform mole and choriocarcinoma (Novak), 355  
 Pedicle clamp, an improved (Stimson), 170  
 Pelvic capacity, estimation of (Mengert), 938 (Abst.)  
   "drive" in obstetrics, x-ray study of 100 cases (Gold), 890  
   endometriosis, treatment of, modern trends in (Tyronne and Weed), 1173 (Abst.)  
   lymph nodes, in vivo coloring of, with India ink (Zeit and Wilcoxon), 1164  
   masses, adherent, marsupialization for (Wimpheimer and Epstein), 926  
   peritonitis, acute, abdominal puncture in diagnosis and treatment of (Villafane), 661 (Abst.)  
   tumors complicating pregnancy (Davis), 1202  
 Pelvimetry, isometric, with accurate outlet measurements, method of (Trepow and Lillienfeld), 125  
 Penicillin and streptomycin in febrile obstetric and gynecologic conditions (Hesseltine), 232 (Abst.)  
   prophylactic use of, in certain obstetric conditions (Hesseltine and Kephart), 184  
 and sulfonamides, intravaginal application of, allergic phenomenon from (Randazzo), 228 (Abst.)  
 excretion of, in human milk (Rozansky and Brzezinsky), 466 (Abst.)  
 therapy in ophthalmia neonatorum (Sorsby), 469 (Abst.)  
   of syphilitic pregnant woman; practical application to large urban obstetrical service (Wammock et al.), 806  
 Pentothal Sodium, terminal obstetrical anesthesia (Boyd and Jones), 931  
 Perineal cup in episiotomy, perineal and rectal surgery (Holtz), 463  
 Peritoneal irrigation in treatment of acute renal failure (Stearn), 482  
 Peritonitis, pelvic, abdominal puncture in diagnosis and treatment of acute (Villafane), 661 (Abst.)  
 Pheochromocytoma complicating pregnancy (Bowen et al.), 378  
 Pitocin by continuous intravenous drip for induction of labor, status of membranes and uterine contraction characteristics as criteria for clinical success or failure in use of (Reynolds et al.), 1062  
   for induction of labor, unusually large amounts of (Gratton), 48 (Abst.)  
   infusions, intravenous (Fulton), 940 (Cor.)  
 Pituitary extract in labor, intravenous, with data on patterns of uterine contractility (Hellman et al.), 41  
 Pituitrin for induction and stimulation of labor, intravenous use of dilute (Stone), 49  
 Placenta, 1176 (Absts.)  
   calcification of (Solomons), 1176 (Abst.)  
   manual removal of, ten-year survey of (De Voe and Hunt), 95 (Abst.)  
   premature separation of the normally implanted, a clinico-pathological study (Sexton et al.), 13  
   previa, management of, with emphasis on conservatism (Johnson), 1236  
   quantitative estimation of monamine oxidase in normal pregnancy and toxemia (Luschinsky), 906  
   retained: delivery by hydraulic method: Mojon-Gabastou injection (Bradley), 141  
 Placental acetylcholine, report on (Stefanelli and Petronio), 418 (Abst.)  
   gonadotrophin, function of, origin of placental trophoblast and (Gordon), 228 (Abst.)  
   separation, sign of (Graber), 699  
   trophoblast, origin of, and function of placental gonadotrophin (Gordon), 228 (Abst.)  
 Plasma volume late in pregnancy (McLennan and Corey), 662  
 Pleuropneumonia-like organisms of female genital tract (Randall et al.), 404  
 Poliomyelitis in pregnancy (Fox and Belfus), 1134  
 Pomeroy method of sterilization (Lull and Mitchell), 1118  
 Postabortal tetanus (Campbell and Brown), 1389  
 Postoperative cervical-vaginal healing in relation to postoperative treatment (Bickers), 1045  
 Postpartum hematoma (Lyons), 397 (Abst.)  
 Pregnancies, fluid retention in normal and toxemic, management of (Willson and Penman), 1321  
 Pregnancy, 171, 179, 209, 304, 349, 647, 695 (Absts.)  
   and diabetes (Given et al.), 729

## Pregnancy—Cont'd

- and labor in elderly primigravidas (Waters and Wager), 296
- and puerperium, liver function during, as measured by cephalin-cholesterol flocculation, thymol turbidity, and bromsulphalein tests (Christhilf et al.), 1100
- and pulmonary tuberculosis (Simpson and Long), 505
- and the adolescent (Marchetti and Menaker), 1013
- anemia of, intravenous use of iron in treatment of (Govan and Scott), 179 (Abst.)
  - macrocytic, refractory to vitamin B<sub>12</sub> therapy; response to treatment with folic acid (Day et al.), 428 (Abst.)
- autointoxication in, experimental contributions to doctrine of (Coppola), 230 (Abst.)
- carcinoma of cervix associated with (Johnson and Weinfurter), 1189
- cervix in (Galloway), 999
- changes in uterine cervical ganglia as causative factors of vascular hypertension in toxemia (Hofbauer), 1383
- choreiform behavior during, with data on five cases (McElin and Lovelady), 179 (Abst.)
- complications, 206, 230, 428, 468, 574 (Absts.)
  - of late, use of diethylstilbestrol to prevent fetal loss from (Smith and Smith), 1172 (Abst.)
- diagnosis of, male toads as test animals in, study of native species of (McCallin and Whitehead), 345
  - reliability of male North American frog in (Robbins and Parker), 1176 (Abst.)
- ectopic (Masani), 704 (B. rev.)
  - oral basal temperatures in (Stewart), 563
- endometriosis and (Ware), 715
- extrauterine, early (Henderson and Bean), 1225
- fibromyomata complicating, significance and management of (Trites), 206 (Abst.)
- hemorrhage from ruptured uteroovarian veins during (Hodgkinson and Christensen), 1112
- histamine metabolism during (Kapeller-Adler), 1394 (Abst.)
- hyperemia test for, evaluation of, and comparison with Friedman test (Albert), 647 (Abst.)
- hypertensive disease of, treated by splanch-nicectomy (Peet and Isberg), 574 (Abst.)
- in Addison's disease (Knowlton et al.), 1178 (Abst.)
- nausea and vomiting of, diethylstilbestrol in (Bertling and Burwell), 461
- parturition, and the postpartum state, serum polysaccharide levels in (Shetlar et al.), 1140
- pelvic tumors complicating (Davis), 1202
- pheochromocytoma complicating (Bowen), 378
- physiology, 1177, 1394 (Absts.)
- plasma volume late in (McLennan and Corey), 662
- poliomyelitis in (Fox and Belfus), 1134
- Rh anamnestic reaction during, frequency of (Schneider), 371
- ruptured uteroovarian veins during, hemorrhage from (Hodgkinson and Christensen), 1112
- serum phosphatase relations in mother and fetus (Speert et al.), 148
- skin in, vascular changes of (Bean et al.), 695 (Abst.)
- splenectomy during, report of 5 cases and review of literature (McElin et al.), 1036
- suprarenal hemorrhage in (Arnold et al.), 1178 (Abst.)

## Pregnancy—Cont'd

- test, a simple, accurate (Schwartz), 213
- biological, male frog (*Rana pipiens*) in (Gardner and Harris), 350
- male frog, evaluation of (Sharnoff and Zaino), 653
- using male Batrachia (Galli Mainini), 349 (Abst.)
- Xenopus (Polak), 209 (Abst.)
- torsion of normal Fallopian tube complicating (Caldwell), 231 (Abst.)
- toxemia, 626 (Absts.)
  - in second half of, at Lying-In Hospital "Dr. Alfredo Costa" (Lisbon), in 1943-1948 (Da Cunha), 626 (Abst.)
  - late, simultaneous renal clearances of urea and uric acid in differential diagnosis of (Chesley), 960
- twin, gonadotropin in spinal fluid in (Brody and Horowitz), 685
- urinary
  - chorionic gonadotrophin during, male frog (*Rana pipiens*) as a test animal for determining the level of (Bodine et al.), 648
  - excretion of pregnanediol and endogenous oestrogen during, effect of diethylstilbestrol on (Summerville et al.), 304 (Abst.)
- uterine cervix during (Murphy and Herbut), 384
  - fibromyomas in (Taricco), 231 (Abst.)
  - growth in, principles of (Gillespie), 949
  - varicose veins in, active therapy of (Hamilton et al.), 1179 (Abst.)
  - operation for severe (Dodd), 468 (Abst.)
- Pregnanediol assays, clinical value of (Swyer), 1395 (Abst.)
- excretion, effect of alpha-tocopherol administration on (Jones et al.), 1173 (Abst.)
- Pregnant patients, molybdenum-iron complex in, prophylactic use of (Dieckmann et al.), 442
- uterus, diverticulum of (Hess), 391
- rupture of (Brierton), 113
- women, Rh-negative, treatment of, preliminary report on new concept in (Hoffman and Edwards), 207
- syphilitic, penicillin therapy of; practical application to large urban obstetrical service (Wammock et al.), 806
- Premature birth, mortality from, practical measures for reduction of (Weymuller), 258 (Abst.)
- retrolental fibroplasia, a hazard of (Speert et al.), 246
- infant, medical and nursing care of (Hess and Lundeen), 705 (B. rev.)
- infants, vitamin D preparations in prophylactic treatment of, comparative efficacy of (Glaser et al.), 132 (Abst.)
- rupture of membranes, role of infection in (Knox and Hoerner), 190
- separation of placenta, clinicopathological study (Sexton et al.), 13
- Presentation, face and brow, experience at the Johns Hopkins Hospital, 1896-1948 (Hellman et al.), 831
- transverse, analysis of 131 cases (Harris and Epperson), 1105
- Presentations, breech, fetometry in, new simple method of (Rogers and Griffin), 909
- Primigravidas, pregnancy and labor experiences of elderly (Waters and Wager), 296
- Progesterone, thermogenic property of (Israel and Schneller), 1390 (Abst.)
- Prolapse of uterus and bladder, vaginal hysterectomy and colectomy for (Williams), 365
- Psychosomatic aspects of sterility (Kroger and Freed), 867
- factors in functional amenorrhea (Kroger and Freed), 328
- medicine (Weiss), 707 (B. rev.)

- Puerperal hypertensive encephalopathy with anuria, continuous spinal block in (Bryce-Smith et al.), 1395 (Abst.)  
sepsis, etiology and prophylaxis (Bigger), 231 (Abst.)  
Puerperium, 231 (Absts.)  
uterine fibromyomas in pregnancy and (Taricco), 231 (Abst.)
- R
- Radioactive isotopes, 1182 (Item)  
Radiological diagnosis in obstetrics, appraisal of value of, based on 15 years' personal experience (Nash), 475  
Radiotherapy, evaluation of (Flaxman), 711 (Cor.)  
in cancer of uterine cervix, results of, annual report on (Heyman et al.), 702 (B. rev.)  
*Rana pipiens* in biological pregnancy test (Gardner and Harris), 350  
Rat ovulation test (Sieglar), 470 (Cor.)  
Renal clearances of urea and uric acid, simultaneous, in differential diagnosis of late toxemias (Chesley), 960  
failure, peritoneal irrigation in treatment of acute (Strean), 482  
Reproductive functions, effect of adoption on fertility and other (Hanson and Rock), 311  
Residency training, requirements, American Board of Obstetrics and Gynecology, 474 (Item)  
Retrolental fibroplasia (Rychener), 1393 (Abst.)  
a hazard of premature birth (Speert et al.), 246  
Rh anamnestic reaction and its significance to newborn (Schneider et al.), 543  
during pregnancy, frequency of (Schneider), 371  
Rh antibody stimulation with Rh-negative fetus, and its significance to newborn (Schneider et al.), 543  
Rh factor in Negroes, sensitizations to (Waller and Waller), 1392 (Abst.)  
Rh hapten, experiences with (Goldsmith), 172  
Rh testing, albumin-fortified anti-Rh serum for, value of (Kueger), 938 (Abst.)  
Rh-negative pregnant women, treatment of (Marsters), 939 (Cor.)  
preliminary report on a new concept in (Hoffman and Edwards), 207  
Roster of American obstetrical and gynecological societies, 234, 946  
Rupture of membranes, premature, role of infection in (Knox and Hoerner), 190  
of pregnant uterus (Brierton), 113  
of uterus (Watt), 490
- S
- Sacruterine ligaments, anatomy and histology of (Campbell), 1  
Salvage possibilities in threatened abortion (Colvin et al.), 1208  
Sarcoma of uterus (Danforth), 598  
analysis of 42 cases (MacFarlane), 1304  
of vagina, grape-like, in infancy (Fasanotti), 466 (Abst.)  
Sedation, effects of, on Fallopian tube motility (Davids and Weiner), 673  
Septic abortion kidney (Wyatt and Goldenberg), 337  
Serum beta-glucuronidase in women following parturition, influence of stilbestrol on (Fishman et al.), 414  
phosphatase relations in mother and fetus (Speert et al.), 148  
polysaccharide levels in pregnancy, parturition, and the postpartum state (Shetlar et al.), 1140  
Sex hormone implantation in hypogonadism (Von Tachezy), 608 (Abst.)  
Sexual reactions, effect of gynecologic surgery on (Huffman), 915  
Shedding of endometrium, experimental production of irregular (Masters and Magallon), 970  
Shock during continuous caudal anesthesia (Kelly), 226 (Abst.)  
Society of Obstetricians and Gynecologists of Canada, transactions of third annual meeting of, September 29 and 30, 1947, 475  
Sodium pregnandiol glucuronide determinations in threatened abortion (Yanow et al.), 1160  
Spermatozoa, effect of addition of, on sugar content of cervical mucus (Lipphardt and Pommerenke), 918  
Spinal block, continuous, in puerperal hypertensive encephalopathy with anuria (Bryce-Smith et al.), 1395 (Abst.)  
Splenectomy during pregnancy, report of 5 cases, review of literature (McEllin et al.), 1036  
Staphylococci in newborn (Martyn), 468 (Abst.)  
Sterility, 209, 271 (Absts.)  
and amenorrhea associated with endometrial hyperplasia, value of x-ray therapy in (Wolfe), 259  
contraception, fertility, 1180 (Absts.)  
endocrine therapy in, use and misuse of (Tyler), 271, 701 (Absts.)  
irradiation for (Kaplan), 1397 (Cor.)  
psychosomatic aspects of (Kroger and Freed), 867  
treatment of; insemination timed by rat ovulation test (Murphy and Faris), 209 (Abst.)  
Sterilization, Pomeroy method of (Lull and Mitchell), 1118  
sexual and psychological adjustment after (Woodside), 1393 (Abst.)  
Stilbestrol in endometriosis (Bickers), 451 (Abst.)  
influence of, on serum beta-glucuronidase in women following parturition (Fishman et al.), 414  
Streptomycin and penicillin in febrile obstetric and gynecologic conditions (Hesseltine), 232 (Abst.)  
prophylactic use of, in certain obstetric conditions (Hesseltine and Kephart), 184  
treatment of granuloma inguinale with (Freed and Kern), 195  
of tuberculosis of endometrium with (Aranson and Dwight), 199 (Abst.)  
Stress incontinence of urine, failure of cure following vaginal operative procedure (Read), 1260  
Suprarenal hemorrhage in pregnancy (Arnold et al.), 1178 (Abst.)  
Surgery, gynecologic, effect of, on sexual reactions (Huffman), 915  
Surgical operations, atlas of (Cutler and Zollinger), 710 (B. rev.)  
Syphilis, congenital, clinical study of factors responsible for (Heyman and McCain), 1180 (Abst.)  
ovary and, practical considerations (Blum), 1396 (Abst.)  
Syphilitic pregnant woman, penicillin therapy of; practical application to large urban obstetrical service (Wammock et al.), 806
- T
- Temperature, basal body, of women, correlation between temperature and time factor (Palmer), 155  
Tetanus, postabortal (Campbell and Brown), 1389  
Theca-cell tumors (Sparling), 1279  
report of cases, and observations on possible etiologic role of ovarian stromal hyperplasia (Sternberg and Gaskill), 575

- Thrombosis and thrombophlebitis in obstetrics and gynecology, treatment of, (Blondet), 232 (Abst.)
- Toads, male, as test animals in diagnosis of early human pregnancy, study of native species of (McCallin and Whitehead), 345
- Tokodynamometer, multi-channel, study of patterns of Braxton Hicks contractions and the gradient of uterine activity during first stage of labor with (Delson et al.), 795
- Topographic urethrography (Ball), 1243, 1252
- Toxemia of pregnancy, in second half of, at Lying-In Hospital "Dr. Alfredo Costa" (Lisbon), in 1943-1948 (Da Cunha), 626 (Abst.)
- vascular hypertension in, pregnancy changes in uterine cervical ganglia as causative factors of (Hofbauer), 1383
- Toxemias, differential diagnosis of late, simultaneous renal clearances of urea and uric acid in (Chesley), 960
- Transfusion equipment, improved, for newborn with hemolytic disease (Pollak), 220
- Transverse presentation, analysis of 131 cases (Harris and Epperson), 1105
- Trichomonas vaginalis* infections, experimentally induced, in Rhesus monkeys, cyclic changes in vaginal populations of (Johnson et al.), 689
- vaginitis, improved treatment for (Fiorino et al.), 452
- Trilene as analgesic in labor (Reynolds), 497 (Abst.)
- Tuberculosis, pulmonary, pregnancy and (Simpson and Long), 505
- Tumor, ovarian granulosa cell, and acromegaly (Speert), 1174 (Abst.)
- Tumors, malignant, of female genitalia, prognostic value of sedimentation rate on (Zuech), 245 (Abst.)
- ovarian, study of large (Bueno), 513 (Abst.)
- pelvic, complicating pregnancy (Davis), 1202
- theca-cell (Sparling), 1279
- report of cases, and observations on possible etiologic role of ovarian stromal hyperplasia (Sternberg and Gaskill), 575
- Twin pregnancy, gonadotropin in spinal fluid in (Brody and Horowitz), 685
- Twins, chin-to-chin locked, maneuver for simultaneous delivery of (Kimball and Rand), 1167
- monozygous and dizygous, use of, in study of human heredity (Macklin), 359
- U
- Ureteral obstruction in benign and malignant gynecologic lesions, incidence of (Long and Montgomery), 552
- Urethrography, topographic (Ball), 1243, 1252
- Urinary tract infection, aureomycin treatment of (Collins and Finland), 1392 (Abst.)
- Urine, stress incontinence, failure of cure following vaginal operative procedure (Read), 1260
- Uterine and vaginal anomalies, a proposed classification for (Monie and Sigurdson), 696
- bleeding, functional (Hepp), 423 (Abst.)
- hystrogram in diagnosis of (Wexler et al.), 528 (Abst.)
- cancer, use of ultraviolet light and fluorescent dyes in detection of, by vaginal smear (Friedman), 852
- carcinoma, Gelfoam, vaginal smear, and biopsy in diagnosis of (Rich et al.), 1029
- panhysterectomy for (Randall), 942 (Cor.)
- Uterine—Cont'd
- cervical ganglia, pregnancy changes in, as causative factors in vascular hypertension in toxemia (Hofbauer), 1383
- cervix, cancer of, radiotherapy in, results of, annual report on (Heyman et al.), 702 (B. rev.)
- during pregnancy (Murphy and Herbut), 384
- contractility, patterns of, intravenous pituitary extract in labor with data on (Hellman et al.), 41
- fibromyomas in pregnancy and puerperium (Taricco), 231 (Abst.)
- growth in pregnancy, principles of (Gillespie), 949
- malignancy, primary (Hall et al.), 634
- motility during labor, effect of certain anesthetic agents in, observations on (Howard et al.), 466 (Abst.)
- muscle physiology (Wilson), 939 (Cor.)
- vessels, hypertrophy and hyperplasia of, relationship of hyperplasia of endometrium to (Schwarz and Sherman), 1330
- Uteroovarian veins, ruptured during pregnancy, hemorrhage from (Hodgkinson and Christensen), 1112
- Uterotubal persufflation curve in myxedema; effect of thyroid therapy (Fournier et al.), 597 (Abst.)
- Uterovesical fistula following abortion, therapeutic (Ingelman-Sundberg), 678 (Abst.)
- Uterus and bladder, prolapse of, vaginal hysterectomy and colectomy for (Williams), 365
- didelphys, adenocarcinoma in one horn of (Siegler), 162
- double, with horn menstruating into abdomen (Vernaglia), 226 (Abst.)
- gravid, blood flow in, conditions of (Reynolds), 529
- in labor, electrical activity of the human (Steer and Hertsch), 25
- pregnant, diverticulum of (Hess), 391
- effect of Adrenalin on (Kaiser and Harris), 775
- rupture of (Watt), 490
- of pregnant (Brierton), 113
- sarcoma of (Danforth), 598
- analysis of 42 cases (MacFarlane), 1304
- V
- Vagina, absence of, congenital, 100 cases of (Bryan et al.), 226 (Abst.)
- autopurification of (Vecchiotti), 228 (Abst.)
- lysozyme in, biological significance of (Vecchiotti), 228 (Abst.)
- sarcoma of, grape-like, in infancy (Fasanotti), 466 (Abst.)
- Vaginal cytologic studies, clinical evaluation of 3,500 (Reicher et al.), 860
- cytology laboratory, development of; its precision and significance (Gusberg and Graham), 1053
- smear technique, direct contact (Hyams et al.), 445
- hysterectomy (Edwards and Beebe), 1175 (Abst.)
- and colectomy for prolapse of uterus and bladder (Williams), 365
- infestations, 232 (Abst.)
- mucus, glycogen and reducing substances in (Lapan and Friedman), 921
- operative procedure for stress incontinence of urine, failure of cure following (Read), 1260
- pH, effect of, on wound healing (Slater), 1089
- smear, detection of uterine cancer by, use of ultraviolet light and fluorescent dyes in (Friedman), 852
- smears, false positive, an investigation of (Graham and McGraw), 1171 (Abst.)

- Varicose veins in pregnancy, active therapy of (Hamilton et al.), 1179 (Abst.)  
operation for severe (Dodd), 468 (Abst.)  
Venereal disease, 1180 (Absts.)  
Vertex presentation, x-ray of fractured clavicle in (Farkas and Levine), 204  
Vesical neck syndrome in women of middle age (Seng et al.), 229 (Abst.)  
Vesicovaginal fistula and its management (Phaneuf and Graves), 140 (Abst.)  
Vinbarbital sodium for obstetric amnesia and analgesia, analysis and evaluation of (Mueller), 679  
Vitamin A therapy in treatment of vulvar leucoplakia (Hyams and Gallaher), 1346  
D preparations in prophylactic treatment of premature infants, comparative efficacy (Glaser et al.), 132 (Abst.)  
E, effect of, in menopause (Finkler), 229 (Abst.)  
K, water-soluble, in newborn (Gordon), 469 (Abst.)  
Vulva, carcinoma of, treatment of (McKelvey), 936 (Abst.)  
cylindroma of; adenocarcinoma, cylindroma type, of vulva; case report (Sayre), 467 (Abst.)  
Vulvar leucoplakia, vitamin A therapy in treatment of (Hyams and Gallaher), 1346  
Vulvovaginal moniliasis (Campbell and Parrott), 1005
- W
- Weight changes during labor and delivery and gynecologic operations, insensible and total (Dieckmann and Stout), 1021  
Wertheim's operation in retrospect (Bonney), 460 (Abst.)  
Wound healing, effect of vaginal pH on (Slater), 1089
- X
- Xenopus pregnancy test (Polak), 209 (Abst.)  
X-ray of fractured clavicle in vertex presentation (Farkas and Levine), 204  
therapy in amenorrhea and sterility associated with endometrial hyperplasia, value of (Wolfe), 259
